January 1, 2026

Dear Marceline Golf Club Members,

Happy New Year from the Marceline Golf Club Board of Directors. We look forward to another great golf season and to making additional club improvements in 2026. We hope the improvements already completed and those planned for this year continue to enhance your enjoyment and use of the club.

Rob Sims continues to do an outstanding job keeping the course in excellent condition while completing improvements within time and budget constraints. Rob has been with the club for 31 years, and we appreciate his hard work and dedication. When you see Rob, please take a moment to thank him for all he does throughout the year.

Over the past year, the club completed general maintenance to the clubhouse. The women's tee on Hole 1 was rebuilt, improvements were made to add a green on the driving range, and the restrooms at Hole 6 were refreshed. The board is continuing to evaluate additional ways to improve the course.

With declining membership and rising costs, we must continue to find ways to keep the course operating successfully. We are pleased to report that, through membership support, green fees, and careful budgeting by Rob and the board, we did not need to hold any fundraisers or raffles this year to cover operating costs.

To help grow membership in 2026, the board is offering an incentive: if a member signs up a new membership (excluding high school or college memberships), the referring member will receive \$100 off their dues. As always, the board will continue to do everything possible to stay within budget.

Pro Shop Assessment

To support our goal of keeping the Pro Shop open, a \$50 Pro Shop assessment will be applied to each membership. Members are asked to include this fee when submitting dues. A \$50 credit will be held at the Pro Shop for each membership and may be used toward merchandise or other items of your choice. We encourage all members to support the Pro Shop so it can remain open and operating throughout the season.

Please note: This credit must be used by **October 1, 2025**.

Monthly Withdrawal Payment Option (2026)

The board will continue offering the monthly withdrawal option for 2026 to assist current members, families, and young adults, and to help attract new members.

- **Deadline to enroll:** February 1, 2026
- Monthly amounts will be calculated based on the membership type selected.
- If you are interested, please contact **Nickie Wrenn** at nickie.wrenn@walsworth.com or **660-349-6416**.

If you are currently using this payment option, no action is needed **unless** your membership status has changed, you want to use a different card, or you no longer wish to be a member. It is your responsibility to contact Nickie with any changes, including terminating monthly withdrawal payments. **No credit will be issued.**

Important: A **4% monthly surcharge** will be added to the amount owed if you choose this option.

Example: Family membership \$775 + cart \$200 + Pro Shop fee \$50 = \$1,025 total. Monthly payment = **\$88.84**.

2026 Events (Please Mark Your Calendar)

- Four-Man Scramble — April 11
- Men's League Draft Night — May 19
- 1st Night of Men's League — May 26
